Re: Resolution of grievance of job reassignment

I met with you on December 11, 1992 to work out a resolution to my grievance of job reassignment. This grievance was filed with my supervisor, Dr. David Goldstein, on September 22, 1992. It was eventually referred to you as the third level hearing officer for USC School of Medicine. I understood that we agreed to the following conditions:

1. I agreed to cover the Medical Attending Service (6300) from December 14, 1992 through December 21, 1992.
2. I will not be asked again to cover the MAS.
3. Any records in my file of an adverse nature regarding this matter will be deleted.

Once I have a written response from you, I can formally withdraw my grievance.

Thank you for your patience and understanding during this ordeal.

Sincerely,

David Cundiff, MD
