

Appendix #56

1/28/93

**Cancer Pain Service  
Inpatient Consultation Protocol**

1. New and follow-up consults should be called to 6571 or the resident will be beeped and will see the patient within two hours. If the resident cannot see the patient in this period of time, the resident will beep Dr. Cundiff at 622680.
2. Dr. Cundiff will then discuss the patient with the referring physician or nurse and make the initial recommendations.
3. Dr. Cundiff and the attending of the week will make rounds with the residents each day at 3:00 PM to review all cases.
4. The resident will follow-up on inpatients daily and report any problems to Dr. Cundiff.
