MEMORANDUM

To: Dr. David Cundiff
From: Dr. David Goldstein 
Date: April 26, 1993
RE: Pain Management Consults

As you will recall from the memorandum sent to you March 25 with the attached Notice of Service for the Cancer Pain Service, the protocol for Cancer Pain Service consultations calls for the residents to see inpatients only. The practice of residents calling and receiving calls from outpatients is to be discontinued immediately.
