### MEMORANDUM

**TO:** David Cundiff, M.D.

**FROM:** David A. Goldstein, M.D.  
Chief  
General Internal Medicine

**DATE:** February 28, 1994

**RE:** Sign-in

I have received your memorandum of January 10, 1994 regarding the Division sign-in and sign-out policy. If your objection was to be considered a grievance, consider it formally denied. LAC+USC Medical Center employees and USC employees have many different standards, policies and regulations. Different employers have different policies. I do not consider it discriminatory.
