Supervisor Gloria Molina
500 W. Temple St.
Los Angeles, CA 90012

Dear Ms. Molina,

I am a physician at LAC+USC Medical Center involved in a long series of disputes with my supervisor that have been unresolved by upper management. I plan to file a formal suit in superior court, but I ask your assistance with an immediate problem. Enclosed is a copy of a letter from my physician excusing me from ward attending duties in November, 1994 because of my left hip bursitis. Also enclosed is my supervisor's response which directs me to work the additional assignment against my physician's advise.

Please have the County Council help resolve this situation before further damage is done.

Thank you.

Sincerely,

A handwritten signature in cursive script that reads "David Cundiff".
